NetServices plc

('NetServices' or the 'Company')

Director Appointment

NetServices, the specialist provider of converged business communications and Cisco Managed Services Channel Partner, is pleased to announce the appointment of Paul Williams as Operations Director and confirm his appointment to the Board of Directors of the Company.

Paul Michael Williams (35) has more than 15 years' experience in project management, managed services delivery and off-shoring with blue chip organizations including Barclays plc, Aviva plc and RAC plc.

Paul joined NetServices in early 2008 as Operations Manager and during his time with the business has been instrumental in redefining and refining all aspects of Netservices' managed service delivery. This ensured that the Company secured Cisco Powered Managed Connectivity, Security and Hosting accreditation in May 2009. Paul is currently in the process of leading a team, which is working towards achieving Cisco Powered Telepresence accreditation. Paul recently completed his ITIL Expert qualification, which puts him at the forefront of current thinking and processes in the provision of managed services.

NetServices' Chief Executive, Mark Vickers, said:

'Paul's appointment to the Board is a reflection of the contribution he has made to NetServices over the past 18 months. Paul will further strengthen NetServices' management team as we capitalise on our recent Cisco Powered accreditation and strive to gain further recognition for our managed services capability.'

There is nothing further to disclose under Schedule 2(g) of the AIM Rules.
