22 November 2007

NETSERVICES PLC

("NetServices" or the "Company")

Directorate Change

Further to the announcement on 20 November 2007, the Company provides further information on Alan Jarvis who has been appointed Chief Technical Officer with effect from 1 January 2008.

Alan Derek Jarvis (45) has over 20 years' experience in developing, managing, and analysing infrastructures, including e-business, IP telephony designs, software development, and customer service solutions. Alan most recently worked for 7 years as the Chief Information Officer for Rotary International, based in Chicago, where he was responsible for implementing an ERP system across seven countries. In addition, Alan also has extensive technical experience gained in the contracting sector with businesses such as AT&T and Hewlett Packard. Alan has a graduate diploma in IT from Stafford University.

There are no further disclosures to be made in accordance with Schedule 2(g) of the AIM Rules.

Mark Vickers, Chief Executive of NetServices plc said:

"I am delighted to welcome Alan to our Board. During his time with our business he has been an invaluable asset on the technical side of the business and in particular on the development of our core products and services."
